

Kaiser Permanente Southern California **COMMUNITY GIVING CAMPAIGN**

October 14 to November 8, 2019

The Community Giving Campaign is KPSC's workplace giving program that uses easy and safe payroll deductions to support the nonprofit organization(s) of your choice.

Together We Can Make A Difference

Last year the KPSC employees and physicians who participated in the Campaign donated more than \$1 million to over 800 charitable organizations. Imagine what we could do if we had more participants. Joining the Campaign is convenient and KPSC pays for the administrative fees, so 100% of your gift goes to the cause you want to support, like:

- Services for high-risk, homeless populations
- Research for prevalent and chronic diseases
- Caring for the environment
- And thousands of other worthwhile causes
- Disaster relief efforts

No Gift is Too Small

Donations in any amount can be given through debit, credit, or payroll deductions. Credit and debit contributions begin this November. Payroll deductions begin in January 2020.
