

Kaiser Permanente Southern California **COMMUNITY GIVING CAMPAIGN**

This year, we've all had to make sure that our loved ones are safe and cared for. We may even have reached further than our families and friends - to help those in our networks and communities. The need is still there, and we can all help

The Community Giving Campaign is KPSC's voluntary giving program that lets you support the nonprofit organization(s) of your choice using easy, safe payroll deductions.

Choose a Cause That is Personally Meaningful to You

It's so simple - yet so right - and KPSC pays for the administrative fees so 100% of your gift goes to whichever cause you choose, like:

- Services for high-risk, homeless populations
- Animal welfare
- Caring for the environment
- Disease research
- Human rights
- And thousands of other worthwhile causes

No Gift is Too Small, Because Together We Make a Difference

Donations can be made in any amount, by credit, debit, or payroll deduction. Last year, KPSC's generous employees and physicians donated nearly \$1 million to 800 charitable organizations through the Campaign. Imagine the differences we can make with even more participants.

Choose your cause and get started today at kpcgc.org! Thank you.
